RE: Exposure Assessment Memorandum
San Jacinto River Waste Pits Superfund Site, Harris County, Texas
Unilateral Administrative Order, CERCLA Docket No. 06-03-10

Dear Mr. Keith:

The Environmental Protection Agency (EPA) has performed a review of the above referenced document dated May 2012. With this letter, the EPA approves the Exposure Assessment Memorandum. The following comment shall be incorporated in the Human Health Risk Assessment Report.

Comment: The memorandum states that the TCRA fence is regularly maintained and effectively limits access to the site. However, a breach of the fence has occurred (and was repaired); a person climbing or otherwise going through a fence defines a trespassing scenario. The beach areas B/C and D shall be included as Post-TCRA sediment exposure units using the trespasser scenario.

If you have any questions, please contact me at (214) 665-8318, or send an e-mail message to miller.garyg@epa.gov.

Sincerely yours,
